## Chemring Industrial Secondment

CHEMRING GROUP PLC

### Report from Chemring Defence UK Ltd

Your report on the industrial secondment you have hosted is intended to provide the Academy with a full and accurate guide to the secondment's deliverables, both for the secondee and the host organisation. This report, along with others received, enables The Academy to judge the success of the secondment, which is used as a metric in assessing the performance of the scheme. It is important, therefore, that as much information as possible is provided, in addition to ticking the appropriate boxes. We hope that this will not prove too onerous.
