
What People in Belfast Hope to See From AI: Themes from the People's AI Stewardship Summit

Omeau Baths, Belfast, March 5th, 2024

Spreading Joy

AI will simplify day-to-day tasks, affording people more time for pursuits that bring joy.

SPREADING JOY

Ensuring Safety

Safety and conflict prevention will be prioritised, making people feel safer.

**ENSURING
SAFETY**

Improving Humans

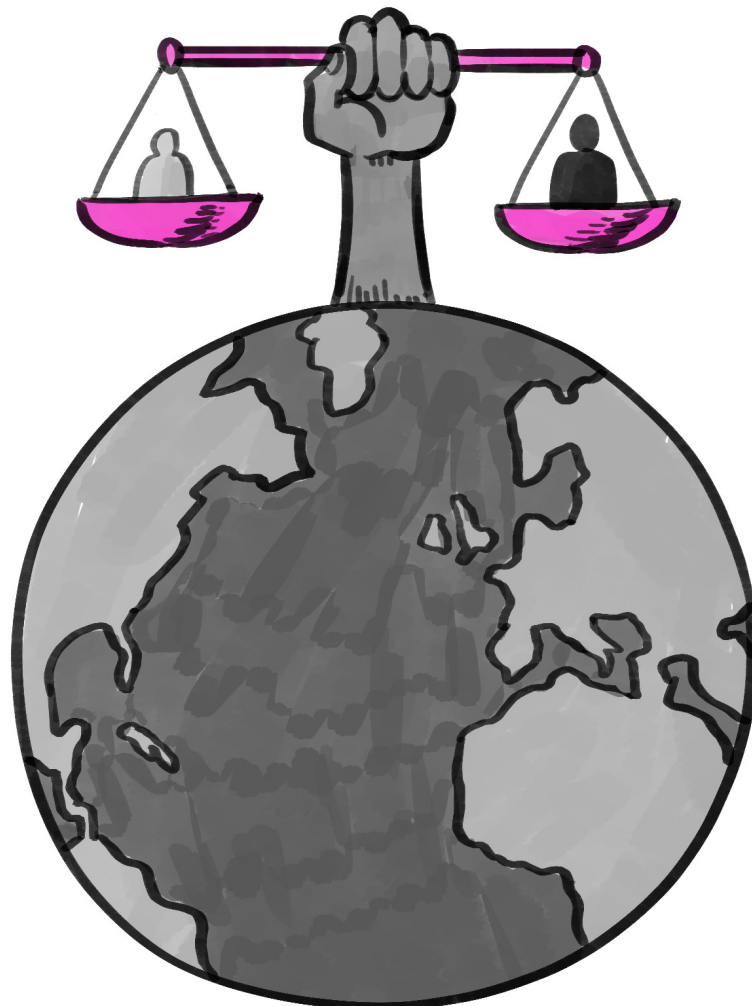

AI will contribute to cultivating well-rounded, unprejudiced, and imaginative individuals.

IMPROVING HUMANS

Enforcing Global Regulation

AI will be regulated globally, and the public can have a say in those regulations.

ENFORCING GLOBAL REGULATION

Promoting Health

AI will make us healthier, delivering advances like a doctor-in-the-pocket and detecting public health issues early.

**PROMOTING
HEALTH**

Ensuring Accessibility

AI tools and the wealth they generate will be distributed across society.

ENSURING ACCESSIBILITY

Accuracy and Reliability

AI systems will uphold high standards of quality, trustworthiness, and long-term integrity.

**ACCURACY &
RELIABILITY**
