

# PROSTHETICS & ASSISTIVE TECHNOLOGY IN NEPAL: A JOURNEY SINCE THE 1950s

Key milestones in the evolution of Assistive Technology (AT) and the system supporting its production and promotion in Nepal.

## EVOLUTION OF NEPAL'S ASSISTIVE TECHNOLOGY ECOSYSTEM

## KEY TAKEAWAY

From early mission-led services to a more integrated, innovative ecosystem, Nepal has made significant progress in prosthetics and assistive technology. Local innovation and collaboration are key to ensuring quality AT for all Nepalis.
