HM Government

Tools & Resources for Providers

A suite of practical tools and resources has been developed to support T Level Providers to plan, design and deliver employer engagement activities to secure industry placements.

The Department for Education are hosting all provider support materials from a range of organisations, including SDN, on the T Levels Support for Schools and Colleges website.

[Visit the T Levels Support for Schools and Colleges website here.](#)

How to use this resource

With so many new and beneficial resources available to you, it can be a bit daunting to find what you're looking for. SDN has done the hard work for you with this PDF navigation tool.

Using this navigation tool, you will be able to find the resources you need at any stage of your journey. We've divided the resources into five categories:

Preparation: assisting you with key activities to prepare for successful employer engagement.

Awareness: providing activities and tools to support you raise employers' awareness of the opportunity to host an industry placement or work with you and students more widely.

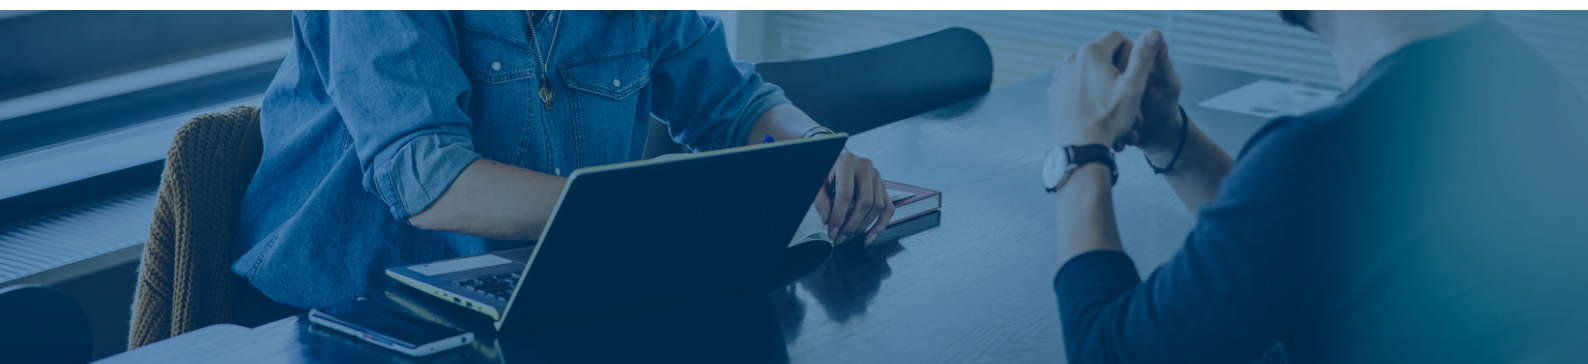

Interest: these resources are ready for you to tailor to develop employers' knowledge and understanding when they're ready for the detail.

Desire: to be used with employers at the point of decision and commitment to an industry placement.

Action and Loyalty: a range of templates to use in the lead up to hosting an industry placement and for promoting success and evaluating employer engagement.

Use the **Document Key** on the bottom right of page 3 to help you find the right document for your needs.

Each resource tile in this PDF contains a link to take you directly to the resource. If you have any trouble with the links, you will find a complete list of URLs at the back of this navigation tool.

PREPARATION	<u>Developing an employer engagement strategy</u> - Schools - Colleges	<u>Responsibility assignment matrix</u>	<u>Employer enquiry handling, where, who & how?</u>	<u>Developing your customer journey</u>	<u>Identifying your marketing channels</u>
